Format and Rules

1. YOUTH , OPEN B and MASTER Categories

- 1.1 All categories will participate in Boulderjam competition on Saturday the 23rd of September.
- 1.2 Each round of the Boulderjam will run for 2 hours.
- 1.3 During the Boulderjam, each group will have 7 problems to attempt in the allocated time.
- 1.4 Each climber's attempts on each of the 7 problems will be recorded. Placing at the end of the event will be awarded according to the number of problems the climbers complete. Climbers who complete the same number of problems will be separated according to how many attempts they took to complete the problems. If this still results in a tie, the number of bonus holds achieved by the climbers and the number of attempts taken to achieve the bonus holds will be taken into consideration. In the event of a tie, after counting attempts and bonuses, for a top 3 position a super-final will be held.
- 1.5 Climbers must start each attempt from the marked starting hand and foot holds. Touching, with hands or feet, holds other than the marked starting holds from the ground is not permitted.
- 1.6 Competitors may brush the holds from the ground using the brushes provided.
- 1.7 When wishing to attempt a problem, the climber must hand their score sheet to the wall judge. The wall judge will call the climbers in the order he/she received the score sheets and record the climber's attempt.
- 1.8 If the climber uses an illegal hold, touches the mat in any way, or otherwise negates their attempt the judge will ask them to stop.
- 1.9 The judge's decision is final as there is no opportunity for appeal in this format.
- 1.10 Climbers are expected to be familiar with the SCA Boulder regulations relating to starting, finishing and achieving bonus holds.
- 1.11 All competitors must be current State or National members of Sport Climbing Australia. \$16 for State or \$59 for nationals for the calendar year. Join at the SCA website.
- 1.12 Climbers who are colour-blind need to notify the route setters at hello@nomadbouldering.com at least one week prior to the event.

2. OPEN A Category

- 2.1 Open A competitors will have 5 qualifier boulders. They will have 2 hours to attempt these.
- 2.2 Top 6 competitors will proceed to finals where they will attempt 4 problems with a 5 on 5 off format.
- 2.3 Each problem will be scored with bonuses and tops as per IFSC standards. Placings will be awarded according to the number of problems the climbers complete. Climbers who complete the same number of problems will be separated according to how many attempts they took to complete the problems. If this still results in a tie, the number of bonus holds achieved by the climbers and the number of attempts taken to achieve them will be taken into consideration. In the event of a tie, after counting attempts and bonuses, for a top 3 position a super-final will be held.
- 2.4 Climbers must start each attempt from the ground. Touching, with hands and feet, holds other than the starting holds from the ground is not permitted.

- 2.7 If the climber uses an illegal hold, touches the mat in any way, or otherwise negates their attempt the judge will ask them to stop.
- 2.8 The judge's decision is final as there is no opportunity for appeal in this format.
